(IT) Deployable Military Disaster Relief Capability Package (DM-DRCP)

(Established in March 2018)

For Public Release

PROJECT DESCRIPTION

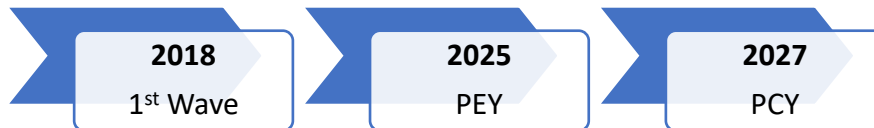

The project objective is to develop a Deployable Military Disaster Relief Capability Package (DM-DRCP) through the establishment of a specialized military assets package deployable at short notice within both EU-led and non-EU led operations.

OBJECTIVES/PRODUCTS

Develop a Deployable Military Disaster Relief Capability Package (DM-DRCP) through the establishment of a specialized military assets package deployable at short notice within both EU-led and non-EU led operations, in order to generate a mission tailored Task Force (TF), as a tool to properly face emergencies and exceptional events (public calamities, natural disasters, pandemics, etc.) within EU territory and outside of it.
